

THE CONNECTING LINK

And the winners are: Our Memphis division recently had a contest that allowed service partners to win tickets to the *15th Annual Big Scoop Ice Cream Festival benefiting Ronald McDonald House Charities of Memphis* held on Sept. 26th at AutoZone Park in Memphis. In order to win tickets one service partner nominated another service partner describing how they “caught” that person modeling one of our four **ServiceMaster Building Maintenance Corporate Objectives:**

1. Honor God in all we do
2. Excel with customers
3. Help people develop
4. Help the company grow profitably

The winners of tickets to the Big Scoop Ice Cream Festival were: **Toni Buford, Diane Williams, Sebastian Marquez, Sandro Ibarra, George Campbell, Kerry Lester, Suzette Twilley, Larry Marshall, Earnestine Nelson, Michael Turner, Margaret Ann Wheeler, Robert Davis, Felicia Cole, Shirley Jones, Steven Draper and Cheryl Greenwood.** Thanks to all service partners who submitted nominations and congratulations to our winners.

Be on the lookout for similar contests coming soon to YOUR division!!

Keeping Healthy: 8 Tips for Preventing H1N1 (Swine Flu)

1. **Wash your hands frequently** with soap and water for 20 seconds or use an alcohol-based hand sanitizer if soap and water are not available.
2. **Avoid touching your nose, mouth and eyes.**
3. **Cover your coughs and sneezes** with a tissue, or cough and sneeze into your upper sleeve. Dispose of tissues in no-touch trash receptacles.
4. **Wash your hands or use an alcohol-based hand sanitizer after coughing, sneezing, or blowing your nose.**
5. **Keep frequently touched common surfaces clean.** For example, telephones, door knobs, computer keyboards, etc.
6. **Try not to use other workers' work tools and equipment.** If necessary, consider cleaning them first with a disinfectant.
7. **Stay home if you are sick** with influenza-like illness for example, fever or chills AND cough or sore throat. In addition, symptoms of flu can include runny nose, body aches, headache, tiredness, diarrhea, or vomiting. CDC recommends that sick workers stay home if they are ill with influenza-like illness until at least 24 hours after they are free of fever (100° F [37.8° C] or greater) or signs of a fever without the use of fever-reducing medications. This would require employees to stay home for 3 to 5 days in most cases. CDC recommends this time period away from work regardless of whether or not antiviral medications are used.
8. **Maintain a healthy lifestyle;** attention to rest, diet, exercise, and relaxation helps maintain physical and emotional health.
